# 2021 School Accountability Report Card

# General Information about the School Accountability Report Card (SARC)

#### **SARC Overview**

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <a href="https://www.cde.ca.gov/ta/ac/sa/">www.cde.ca.gov/ta/ac/sa/</a>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <a href="https://www.cde.ca.gov/fg/aa/lc/">www.cde.ca.gov/fg/aa/lc/</a>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at <a href="mailto:dq.cde.ca.gov/dataquest/">dq.cde.ca.gov/dataquest/</a> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <a href="www.caschooldashboard.org/">www.caschooldashboard.org/</a> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### 2021-22 School Overview

#### Principal's Message

Countryside Community Day is a unique high school dedicated to providing a high quality education focused on an academic foundation and coordinated with a counseling component for those students whose academic performance, behaviors, and attitudes warrant intervention. The school has a unique blend of educators and mental health professionals committed to working alongside each other to meet the needs of a segment of Tulare's student population who were not experiencing success using the traditional model of high school education. Countryside High School blends standards-based academics with the counseling and support students need to be successful in high school and beyond. The school program has a rehabilitative focus which means that there are support services in place to assist the student and their family. These services include:

- Individual, group and family counseling to address the emotional/behavioral issues of the student;
- Case management services to provide linkage, support, and follow through for the student at school and home;
- Psycho-educational classes to teach students healthy ways of coping and managing their behavior;
- Behavior management through a level system and token economy where students progress through levels as they become capable of managing their behavior;
- Small class size for more individual attention and academic support.

#### Mission Statement

Our mission is to provide a safe and high quality education program focused on academics and coordinated with intensive counseling to nurture and support the mental health, disciplinary, and socio-emotional needs of all CHS students. Upon graduation all students are expected to meet our PAWS learning outcomes by being Personally Geared, Academically Sound, Well Rounded, and Socially Aware.

#### 2021-22 School Overview

#### School Profile

Countryside High School is a Community Day School that serves the academic and emotional needs of up to 40 students in grades 9-12. Students are divided by grade level (9/10 & 11/12) in two mostly self-contained classrooms. School profile data is as follows:

- \* Over 90% of the student body are identified as socioeconomically disadvantaged
- \* 8 male students are currently enrolled
- \* 12 female students are currently enrolled
- \* The student body is largely Hispanic (60%) with Whites (35%) being the second largest subgroup followed by one Filipino student (5%)
- \* 35% of students receive special education services
- \* The graduation rate for 2020-2021 nine out of nine students graduated (100%)
- \* The attendance rate for 2020-2021 is 91.09%
- \* The suspension rate for 2020-2021 is 5.7%

# **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <a href="https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp">https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp</a>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Tulare Joint Union High School District held a public hearing on September 16, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The table displays information collected in January 2022 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

# **School Facility Conditions and Planned Improvements**

Opening in 2004, Countryside High School shares the same grounds as the district's continuation high school on the corner of Bardsley and Pratt. The campus is comprised of two relocatable classrooms and a counseling office. In 2009 the parking lots and basketball courts were repaved. In 2010 new security cameras were added for additional campus monitoring and security. In 2019 the entire exterior of campus received a fresh coat of paint.

#### Cleaning Process

Countryside High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial/maintenance staff to ensure a clean, safe, and functional learning environment.

#### Maintenance & Repair

A scheduled maintenance program is administered by Countryside High School's custodial staff on a regular basis with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Tulare Joint Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority while repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

At the time of publication, 100% of the school's restrooms were in working order. The following chart displays the results of the most recent school facilities inspection.

# **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

# Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

#### **CAASPP Test Results in Science for All Students**

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative testing suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

For any 2020-2021 data cells with N/T values indicate that this school did not test students using the CAASPP Science.

#### 2020-21 Career Technical Education Programs

Countryside High School does not offer a CTE Program Pathway at this time. In prior years students interested in CTE coursework would take courses in Health Occupations and/or Certified Nursing Assistant classes at the comprehensive school site. Countryside is regularly exploring avenues to providing a CTE Program Pathway to its students on campus.

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Countryside Community Day School. Parents are given school and staff contact information upon enrollment and receive either notices, personal phone calls, or automated calls regarding opportunities to participate in organized activities such as School Site Council, Safety Committee, WASC Accreditation, Field Trips, and Sporting events. Parents who wish to sit-in on their child's class are expected to notify the principal in advance and arrangements will be made with the teacher or teachers. Also, parents with internet access can access student information such as grades and attendance via the Aeries parent portal. The administration and staff at Countryside High School maintain an open door policy and are available to meet and discuss parent/student concerns at almost any time of the school day.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

# **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

# 2021-22 School Safety Plan

The safety of students and staff is a primary concern of the Countryside High School administration. The addition of a full time School Resource Officer in 2013-14 has helped to increase feelings of physical safety among students, staff, and parents. The school currently follows the ALICE model for responding to an intruder on campus and a metal detector is used on all students upon entry to campus to deter anyone from bringing a weapon onto school grounds. All guests to the campus must sign in at the administration office for approval to be on campus. Student supervision is provided to ensure the safety of each student before school, during break, at lunch, and after school. Supervision is a responsibility shared among administration, school resource officer, security guard, and staff. Numerous cameras are used for additional campus monitoring and security.

To safeguard the well-being of students and staff a comprehensive School Site Safety Plan has been developed with updates occurring every fall. Any revisions made to the plan are reviewed with the staff at schoolwide staff meetings and with students during announcements or student assemblies. Key elements of the Safety Plan focus on the following: disaster response procedures, child abuse reporting procedures, suspension and expulsion policy, sexual harassment policy, teacher notification of dangerous pupils procedures, and safe ingress and egress of pupils, parents, and school employees. Countryside High School is implementing a Positive Behavior Intervention and Support program which includes an incentive plan for positive behavior, attendance, course grades, and personal goal achievement.

The school is always in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills including fire, earthquake, and intruder are held yearly.

# **Professional Development**

Student Achievement Data is monitored regularly by the District and sites. Based on the data we have a number of areas that have been the focus of professional development. We are in our fourth year of implementing PLCs with fidelity focusing on aligning curriculum, grading, instructional practices, and interventions. In addition, ensuring appropriate supports for our Emerging Bilinguals, Special Education, and other minority student groups is in the forefront of our professional development activities.

The math program has changed their curriculum in Algebra 1, Geometry, and Algebra 2 therefore there has been extensive professional development in the new curriculum and the strategies to be utilized with this new curriculum. The District provides Instructional Coaches in the areas of math and ELD.

The district has contracted with Solution Tree to provide training and support to our PLCs as they continue to focus on the hard work of Collaborative Teams. The District continues to provide professional development to the core departments providing support in their process of aligning curriculum with the California Common Core State Standards, instructional strategies, and intervention practices. Instructional Technology is another highly supported area. A majority of the professional development activities are conducted during the school day with teachers being provided substitutes so they can attend the PD sessions required by the District. There are also opportunities to teachers to participate or request individual support from the coaches or access to workshops, seminars and conferences.

Additionally, staff are trained in Youth Mental Health training, CPI (Crisis Prevention Institute) training, PBIS (positive behavior interventions) and much more.

This table displays the number of school days dedicated to staff development and continuous improvement.

# 2020-21 Local Accountability Report Card (LARC) Addendum

# Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.

# 2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.
