2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Principal's Message

Since 1994 Tech Prep High School has been dedicated to providing students with a viable alternative to the comprehensive campus by offering a smaller academic environment with lots of support and personalized attention. Teaching staff work diligently to embrace the elements of rigor, relevance, and relationships as a formula for successful teaching practices.

Mission Statement

The Mission of TPHS is to provide students at-risk of not graduating due to attendance, behavior, and/or credits an opportunity to make progress towards earning a high school diploma in a safe and nurturing environment while receiving multiple levels of supports aimed at helping all students navigate life's challenges. Upon graduation all students are expected to meet our REAL learning outcomes: Respect, Engage, Achieve and Learn.

School Profile

TPHS is a Continuation High School in the Tulare Joint Union High School District that serves both voluntary and involuntary

2022-23 School Overview

students in grades 9-12. TPHS offers students up to eight classes on an alternating A/B schedule (4 classes daily). Though more than 50% of the students enrolled at TPHS are involuntary almost all who attend have in common either a history of poor attendance, disciplinary issues, and/or a credit deficiency. Student support programs are driven by a need to help students remain or get back on-track for graduation and to meet terms of expulsion, when applicable. Support programs include individual and group counseling for students in need of services related to academics, behavior, drug and alcohol use, anger management and/or mental health. Services and programs are provided by the school site counselor/behavior specialist, school psychologist, Recovery Resources, Tulare Youth Services Bureau, Tulare County Office of Education, School Resource Officer, Attendance Officer, Campus Life Mentor, and school administration.

Recent student profile data shows the following:

- * Over 80% of the student body are identified as socioeconomically disadvantaged
- * 35 students are currently enrolled: 19 male students, 16 female students
- * The student body is largely Hispanic (72%), Whites (14%), and African Americans (14%)
- * In 2021-2022 approximately 10% of students received special education services
- * The graduation rate for 2021-2022 6 out of 9 students graduated (67%)
- * The attendance rate for 2021-2022 was 87.76%
- * The suspension rate for 2021-2022 was 86% of the student population

Principal's Message

Countryside Community Day is a unique high school dedicated to providing a high quality education focused on an academic foundation and coordinated with a counseling component for those students whose academic performance, behaviors, and attitudes warrant intervention. The school has a unique blend of educators and mental health professionals committed to working alongside each other to meet the needs of a segment of Tulare's student population who were not experiencing success using the traditional model of high school education. Countryside High School blends standards-based academics with the counseling and support students need to be successful in high school and beyond. The school program has a rehabilitative focus which means that there are support services in place to assist the student and their family.

Mission Statement

Countryside High School is a small community day school that, in conjunction with Tulare Youth Service Bureau (TYSB), helps serve the academic and mental health needs of up to forty high school students in grades 9-12 in the Tulare Joint Union High School District whose academic performance, attitudes, and behaviors warrant immediate and sometimes intense intervention. The staff is a blended team of education and mental health professionals working with parents/guardians to provide a coordinated, structured, nurturing and safe learning environment for all students. Upon graduation all students are expected to meet our PAWS learning outcomes by being Personally Geared, Academically Sound, Well Rounded, and Socially Aware.

School Profile

Countryside High School is a charter school in the Tulare Joint Union High School District that serves voluntary students in grades 9-12. CHS offers students up to eight classes on an alternating A/B schedule (4 classes daily). Students enrolled at Countryside are voluntary, almost all who attend have in common either a history of poor attendance, mental health challenges, and maybe credit deficient. Student support programs are driven by a need to help students remain or get back on-track for graduation and to meet terms of expulsion, when applicable. Support programs include individual and group counseling for students in need of services related to academics, behavior, drug and alcohol use, anger management and/or mental health. Services and programs are provided by the school site TYSB Director, school psychologist, school counselor, Recovery Resources, Tulare Youth Services Bureau, Tulare County Office of Education, School Resource Officer, Attendance Officer, Campus Life Mentor (when appropriate), and school administration.

Recent student profile data shows the following:

- * 36 students are currently enrolled: 26 Female Students, 9 Male Students, 1 Other Gender
- * In 2021 80% of the student body are identified as socioeconomically disadvantaged
- * In 2021-2022 the student body population was the following: Hispanic (68%), Whites (28%) and Filipino (4%) of the population
- * In 2021-2022 approximately 24% of students received special education services
- * In 2021-2022 the graduation rate was 71.4% (5 out of 7 students graduated)
- * The 2021-2022 attendance rate was 74.85%
- * The suspension rate for 2021-2022 was 13.7% of the student population

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Tulare Joint Union High School District held a public hearing on September 15, 2022 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The table displays information collected in January 2023, about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

School Facility Conditions and Planned Improvements

Situated on approximately two acres Tulare Tech Prep High School was originally constructed in 1968. The campus is currently comprised of eight classrooms. In 2019 the entire exterior of campus received a fresh coat of paint.

Cleaning Process

Tulare Tech Prep High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with an emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial/maintenance staff to ensure a clean, safe, and functional learning environment.

Maintenance & Repair

A scheduled maintenance program is administered by Tulare Tech Prep High School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Tulare Joint Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority while repair requests are completed efficiently and in the order in which they are received.

At the time of publication, 100% of the school's restrooms were in working order. The following chart displays the results of the most recent school facilities inspection.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 Career Technical Education Programs

Tech Prep And Countryside High School at this time do not offer a CTE Program Pathway. In prior years students interested in CTE coursework would take courses in Health Occupations and/or Certified Nursing Assistant classes at the comprehensive school site. Tech Prep is regularly exploring avenues to providing a CTE Program Pathway to its students on campus.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

TPHS parents are sometimes apprehensive when first enrolling their child but later are often very appreciative and supportive of the educational and mental health programs at both campuses. Parents are given school and staff contact information upon enrollment and receive either notices, personal phone calls, or automated calls regarding opportunities to participate in

2022-23 Opportunities for Parental Involvement

organized activities such as Back To School Night, School Site Council, Safety Committee, WASC Accreditation, and Sporting events. Parents who wish to sit-in on their child's class are expected to notify the principal in advance and arrangements will be made with the teacher or teachers. Also, parents with internet access can access student information such as grades and attendance via the Aeries parent portal. The administration and staff at Tech Prep High School maintain an open door policy and are available to meet and discuss parent/student concerns at almost any time of the school day.

C. Engagement

State Priority: Pupil Engagement

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	33.93	6.19	2.45
Expulsions	0.00	0.42	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The safety of students and staff is a primary concern of TPHS administration. The addition of a full time School Resource Officer in 2013-14 has helped to increase feelings of physical safety among students, staff, and parents. The school currently follows the ALICE model for responding to an intruder on campus and a metal detector is used on all students upon entry to campus to deter anyone from bringing a weapon onto school grounds. All guests to the campus must sign in at the administration office for approval to be on campus. Student supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among administration, school resource officer, security, and staff. Numerous cameras are used for additional campus monitoring and security.

To safeguard the well-being of students and staff a comprehensive School Site Safety Plan has been developed with updates occurring every fall. Any revisions made to the plan are reviewed with the staff at schoolwide staff meetings and with students during announcements or student assemblies. Key elements of the Safety Plan focus on the following: disaster response procedures, child abuse reporting procedures, suspension and expulsion policy, sexual harassment policy, teacher notification of dangerous pupils procedures, and safe ingress and egress of pupils, parents, and school employees. Tech Prep and Countryside High School have implemented Positive Behavior Intervention and Support program which includes an incentive plan for positive behavior, attendance, and successful course completion.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills including fire, earthquake, and intruder drills are practiced during multiple times during the school year. ALICE scenarios are practiced with staff in the Fall and Spring semesters. Students participate in an ALICE presentation where the ALICE philosophy is explained.

2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

Student Achievement Data is monitored regularly by the District and sites. Based on the data we have a number of areas that have been the focus of professional development. We are in our third year of implementing PLCs with fidelity focusing on aligning curriculum, grading, instructional practices, and interventions. In addition, ensuring appropriate supports for our Emerging Bilinguals, Special Education, and other minority student groups is in the forefront of our professional development activities.

The math program has changed their curriculum in Algebra 1, Geometry, and Algebra 2 therefore there has been extensive professional development in the new curriculum and the strategies to be utilized with this new curriculum. The District provides Instructional Coaches in the areas of math and ELD.

The district has contracted with Solution Tree to provide training and support to our PLCs as they continue to focus on the hard work of Collaborative Teams. The District continues to provide professional development to the core departments providing support in their process of aligning curriculum with the California Common Core State Standards, instructional strategies, and intervention practices. Instructional Technology is another highly supported area. A majority of the professional development activities are conducted during the school day with teachers being provided substitutes so they can attend the PD sessions required by the District. There are also opportunities to teachers to participate or request individual support from the coaches or access to workshops, seminars and conferences.

Additionally, staff are trained in Youth Mental Health training, CPI (Crisis Prevention Institute) training, PBIS (positive behavior interventions) and much more.

This table displays the number of school days dedicated to staff development and continuous improvement.
