## 2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Our vision is to create an exemplary school serving all learners in a positive and caring learning environment through:

- \* Teaching students to model compassion, respect, and genuine concern for others.
- \* Respecting the diverse student population by developing and implementing a curriculum, that best serves their individual needs.
- \* Inspiring students to explore and pursue their passion and purpose in life as they work towards achieving their goals.
- \* Building a strong foundation to prepare students for their future by providing a path for college and career readiness.
- \* Equipping students with the tools to be productive, contributing members of society

Principal's Message:

## 2022-23 School Overview

Tulare Union High School offers academic, athletic and extra-curricular opportunities that are second-to-none. We pride ourselves on creating an academic culture that enables all students to achieve their full potential. Some of the recognitions Tulare Union High School has received include:

- Been recognized by Fresno State's Bonner Center for Education as one of only 6 high schools in the central valley for our efforts in the area of character education.
- Earned our Gold Level of Distinction with our PBIS Program.
- Been selected as a Tulare COE TORCH Achievement Award Winner, and a Tulare COE TORCH Sustaining the Flame Achievement Award Winner.
- Been selected as one of only ten high schools in the state of California to participate in the Successful Practices Network sponsored by The International Center for Leadership in Education / Bill and Melinda Gates Foundation as a "Model School".
- Recognized by US News and World Report with a silver ranking among the Best High Schools in America.
- Earned the highest term of accreditation awarded by the Western Association of Schools and Colleges.
- Successfully demonstrated Adequate Yearly Progress in all areas required by the Federal No Child Left Behind Act.
- Earned recognition from the California Department of Education as a California Distinguished School.
- Earned recognition from the California Department of Education as an Exemplary Career Technical Education School.
- Earned recognition as an AVID National Certified School.

The school community has identified four goals, or school-wide learner outcomes, for all Tulare Union High School graduates.

All students graduating from Tulare Union High School will be able to demonstrate the ability to:

- meet or exceed standards on the assessments utilized within the California Assessment of Student Performance and Progress.
- communicate, collaborate, think critically and be creative in order to demonstrate 21st Century Skills.
- participate in a project-based learning environment to complete performance tasks of high quality.
- demonstrate readiness for post-secondary college and career opportunities.

Our goal is for every student to succeed. We urge students to take full advantage of all Tulare Union has to offer. Our staff looks forward to working with both students and their parents to ensure a successful, enjoyable and rewarding high school experience.

### Community and School Profile:

Located in the San Joaquin Valley, Tulare Joint Union High School District serves more than 5,000 ninth through twelfth grade students at three comprehensive high schools, three alternative schools, and a community day school.

The diverse population enables the school to embrace many different cultures and create an environment that welcomes all. Tulare Union High School is dedicated to ensuring the academic success of each student, and provides the most comprehensive educational experience possible. All programs at the school are founded on the principle that students come first.

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The Tulare Joint Union High School District held a public hearing on September 15, 2022 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are required to be given their own individual textbooks and/or instructional materials (in core subjects), for use in the classroom and to take home if necessary. Additionally, all textbooks and instructional materials used within the district must be aligned with the California State Content Standards and Frameworks, with final approval by the Board of Education. The table displays information collected in January, 2023 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## School Facility Conditions and Planned Improvements

Situated on approximately 23 acres, Tulare Union High was originally constructed in the 1930s and has been thoroughly modernized over the past several decades. The most recent addition to the campus was a two story building that was built in 2020 and serves as the main entrance to the school and houses the Nurses Office, the Attendance Office, the Assistance Principal's Offices, the Career Center, our on-campus Police Officer, 4 classrooms and 5 Science labs/classrooms.

Tulare Union High School is currently comprised of 71 classrooms, five portable classrooms, a community special day classroom, a library, four computer labs, a career center, a cafeteria, an auditorium, two multipurpose rooms, two gymnasiums, a swim complex, eight tennis courts, the Bob Mathias stadium, a student store, administrative offices, and athletic fields.

The chart displays the results of the most recent school facilities inspection. Specific findings of the most recent inspection are available in the main office upon request.

### Cleaning Process

Tulare Union High School provides a safe and clean environment for students, staff, and volunteers. The district governing board has adopted cleaning standards for all schools in the district. Basic cleaning operations are performed on a daily basis throughout the school year with emphasis on classrooms and restrooms. A joint effort between students and staff helps keep the campus clean and litter-free. The principal works daily with the custodial staff to develop sanitation schedules that ensure a clean, safe, and functional learning environment.

### Maintenance & Repair

A scheduled maintenance program is administered by Tulare Union High School's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Tulare Joint Union High School District to ensure that school grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received. At the time of publication, 100% of the school's restrooms were in working order.

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 Career Technical Education Programs

Tulare Union High strives to graduate citizens who are fully capable of functioning and prospering in society. The school's workforce preparation program prepares students to succeed through the development of conceptual thinking, effective communication, and the ability to apply knowledge and skills learned in the classroom to realworld contexts. Curriculum and instructional strategies that foster critical thinking, problem solving, leadership, and academic skills are consistently taught to ensure work-readiness.

The school addresses the needs of all students, as well as those in career preparation, through professional development, guidance, and counseling from school personnel regarding career paths and courses of study. Job fairs, work experience, career internships, use of technology, and community service projects are made available to heighten student awareness of options for education, training, and employment beyond high school. For more information about Career/Technical Education and/or the district's Regional Occupation Program, please contact Sara Zakarian. The available Career Preparation and ROP courses are as follows:

- Agriculture Business
- Agriculture Mechanics
- Agriculture Science
- Livestock Management
- Accounting
- Electronics Technician
- Fashion Design/Dynamics
- Construction Technology
- Furniture/Cabinet Making
- Auto Technician
- Landscaping/Horticulture
- Child Development

- Merchandising
- Office Assistant
- Web Design
- Dairy Management
- Vet Services
- Floriculture
- Medical Billing
- Health Occupations
- Health Provider
- Small Engine Repair
- Welding
- Cadet Corp

## 2021-22 Career Technical Education Programs

Teachers throughout the district have established benchmarks and essential learnings for all coursework. Students participate in program majors and career pathways, and these courses give students an opportunity to complete these pathways. All of these career-technical programs have classes that offer rigorous coursework for all students. Within each CTE program there are a sequence of courses which allows students to gain the skills and knowledge necessary to earn a certificate of completion.

All Career Technical Education programs are available to all students in the district. Many students go to the district farm or other campus to take a CTE course. High school counselors work with all students in identifying their goals and career pathway or program. Career center technicians work with students on interest surveys and identify careers as well. All students are invited to participate in CTE programs regardless of socio-economic background, ethnic background, or learning ability.

Several assessment tools are used for all CTE programs and courses. They include: reports on enrollment, concentrators and completors for each CTE program. Follow-up surveys on student placement in the industry or continuing education information helps the district evaluate the course, also. Several advisory committees involving business representatives, teachers, parents, and students evaluate all CTE programs and courses throughout the year.

A Program Major Partnership Committee has been established for each of the seven Program Majors. A career day aligned to the Program Majors is planned for juniors each fall. During the spring semester, the World Language department hosts an annual career week and brings in community speakers to emphasize the importance of knowing a second language in the world of work.

## 2021-22 Career Technical Education (CTE) Participation

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational program at Tulare Union High School. Numerous programs and activities are enriched by parent volunteers and the generous contributions made by the following organizations: Red & Gold Parent Booster Club, School Advisory, Band Boosters, Athletic Boosters, and our School Site Council.

##### Contact Information

Parents who wish to participate in the school's leadership teams, committees, activities, or become a volunteer may contact the main office at (559) 686-4761. The district's website ([www.tulare.k12.ca.us](http://www.tulare.k12.ca.us)) also provides a variety of helpful resources and information for parents, students, staff, and community members.

#### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

## Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	5.74	6.19	2.45
Expulsions	0.43	0.42	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

## 2022-23 School Safety Plan

Safety of students and staff is a primary concern of Tulare Union High School. All guests to the campus must check in and enter through our new building where they receive a visitor's badge that must be worn at all times. Supervision is provided to ensure the safety of each student before school, during breaks, at lunch, and after school. Supervision is a responsibility shared among teachers, school administrators, and campus security staff.

To safeguard the well-being of students and staff, a comprehensive School Site Safety Plan has been developed, with updates occurring every spring. Any revisions made to the plan are reviewed immediately with the staff. Key elements of the Safety Plan focus on the following: disaster response procedures, child abuse reporting procedures, suspension and expulsion policy, sexual harassment policy, teacher notification of dangerous pupils procedures, and safe ingress and egress of pupils, parents, and school employees.

The school is in compliance with the laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Safety drills, including fire, earthquake and intruder drills, are held on a rotating basis.

## 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Professional Development

Student Achievement Data is monitored regularly by the District and sites. Based on the data we have a number of areas that have been the focus of professional development. We are in our third year of implementing PLCs with fidelity focusing on aligning curriculum, grading, instructional practices, and interventions. In addition, ensuring appropriate supports for our Emerging Bilinguals, Special Education, and other minority student groups is in the forefront of our professional development activities.

The math program has changed their curriculum in Algebra 1, Geometry, and Algebra 2 therefore there has been extensive professional development in the new curriculum and the strategies to be utilized with this new curriculum. The District provides Instructional Coaches in the areas of math and ELD.

The district has contracted with Solution Tree to provide training and support to our PLCs as they continue to focus on the hard work of Collaborative Teams. The District continues to provide professional development to the core departments providing support in their process of aligning curriculum with the California Common Core State Standards, instructional strategies, and intervention practices. Instructional Technology is another highly supported area. A majority of the professional development activities are conducted during the school day with teachers being provided substitutes so they can attend the PD sessions required by the District. There are also opportunities to teachers to participate or request individual support from the coaches or access to workshops, seminars and conferences.

Additionally, staff are trained in Youth Mental Health training, CPI (Crisis Prevention Institute) training, PBIS (positive behavior interventions) and much more.

This table displays the number of school days dedicated to staff development and continuous improvement.
